

Technology and Economics of Photovoltaics in Switzerland, BFH TI Burgdorf, 30th of June 2011

12:00	Buffet lunch Labtour	Sponsored by SLN
13:00	Dr. Lukas Rohr	Welcome at BFH TI
13:10	Prof. Urs Muntwyler	Intro: PV Becoming a dominant source of electricity
13:30	Prof. Dr. Heinrich Häberlin	Long-term Behaviour of Grid-Connected PV Systems over more than 15 Years
13:50	Urs Wolfer	Swiss feed-in tarif policy
14:10	Dr. Christoph Harder	Global data on breakeven times
14:30	Networking Break	Sponsored by SLN
15:00	Dr. Stefan Oberholzer	The Swiss PV Research Programme
15:20	Christian Renken	Photovoltaic - Common Energy Supply for the Future
15:40	Dr. Andreas Bächli	Thin film PV
16:00	Michael Ernst	20 years of PV inverter technology: achievements and challenges
16:20	Workshops	1 additional data 2 necessary research / technology
17:05	Workshop heads	Summary of workshops
17:20	Dr. Christoph Harder	Final Summary and Outlook (SLN)
17:30	Apéro Riche Labtour	Sponsored by SLN
