

**IEEE-CPMT Switzerland Chapter &
Swiss Photonics and Laser Network (SLN)**

Seminar on Optical Packaging
Alpnach Dorf, Switzerland, 16. May 2012

Dear CPMT and SLN Members,

IEEE CPMT Switzerland and SLN jointly organize a seminar on the topic of Optical Packaging. The objective of the seminar is to allow participants updating themselves on the latest trends and technologies, and to network and exchange experience with experts in this important area.

Seminar Program

14:15 – 14:45: Registration (Coffee, Refreshments)

14:45 – 15:10: Welcome and introduction

- Dr. H. Duran, Chairman IEEE/CPMT
- Dr. Ph. Steiert, Director CSEM Regional Centers
- Dr. C. Harder, President SLN

15:10 – 16:50 Technical presentations

- Optical Packaging at Exalos (Dr. C. Velez, Exalos)
- Generation of a Line Focus for Material Processing from an Array of High Power Diode Laser Bars (Dr. R. Bättig, Oclaro)
- Planar Polymer Waveguides for Integrated Optical Packages (Dr. Felix Betschon, Variooptics)
- Optoelectronic Packaging: from Challenges to Solutions (Dr. Ch. Bosshard, CSEM)

17:00 – 18:00: Labtour CSEM

18:00 – 19:00: Aperó Riche/Networking

Location: CSEM SA, Untere Gruendlistrasse 1, 6055 Alpnach Dorf, Switzerland
